IT ALL ADDS UP TO A LOT OF CARS AND A LOT OF BUSINESS FOR YOU!

WHAT'S NEW

🔌 2017 model year update on 10 manufacturers including:

🔌 FORD

🔌 PSA: PEUGEOT / CITROËN

🔌 JAGUAR

🔌 SUBARU

🔌 LEXUS

🔌 SUZUKI

🔌 MAZDA

🔌 TOYOTA

🔌 MERCEDES

🔌 VAG: AUDI/SEAT/ŠKODA/VW

🔌 Over 40 new models and engines added

🔌 New light commercial manufacturer FUSO added; extensive systems and special function coverage for Canter 3L 2010-2017

🔌 Key programming special function added for AFL & Vauxhall models allowing you to program new and existing keys

🔌 Brake electronics module added for 7 VAG variants

🔌 Component Test Meter ABS menus have been added, including speed sensor and brake pedal component information

🔌 Re-initialise headlamp and selective catalytic reduction sensor reset for most BMW models launched after 2007

🔌 Extended Honda coverage on transmission freeze frame data for most automatic transmission models 2008-2016 including: Accord, Civic, Civic Hybrid, CR-V, CR-Z, FR-V, HR-V, Insight, Jazz, Jazz Hybrid and Legend.

AFL (Alfa/Fiat/Lancia)

- Program new keys special function available for 12 models from 2004-2017
- 2 new models added: Euro 6 model Fiat Ducato and the 83 KW electric Fiat 500

BMW/MINI

- Extensive AC coverage on a wide range of models from 2012 onwards with special functions included
- Reinitialise headlamp and selective catalyst reduction (SCR) sensor reset special function available for most models launched after 2007

DACIA

- Updated ABS antilock brakes module to now include most models from 2015 with the steering angle calibration special function
- New LPG engine added for Dacia Dokker Lodgy, Dacia Duster and the Dacia Logan II/Sandero II

FORD

- Model year update to 2017
- 4 models added:
 - Ford Fiesta 1.0L petrol, 1.1L petrol, 1.5L diesel
 - Ford Kuga 1.5L petrol, 1.5L diesel, 2.0L diesel
 - Ford Transit 2.0L diesel
 - Ford Transit Custom 2.0L diesel
- Side obstacle detection left/right special function added for 5 models

MITSUBISHI

- New ASX 1.6 Did DV8 engine added with system coverage, codes, data, actuator tests and special functions
- Multi around monitor system added for the Outlander. This ADAS system has codes, data and special functions

NISSAN

- New Qashqai and Qashqai+2 1.6 diesel R9M Engine 2011-2013 added with codes, data and functional tests including:
 - All relearns and resets, DPF regeneration and injector coding
- Electronic power steering module added for 6 models
- Extended air conditioning system content added including codes, data, actuator tests, ECU identification and functional tests for 12 models
- Body control module added for the Pixo 2008-2013 model with codes, data, actuator tests and ECU identification

OPEL / VAUXHALL

- Key programming available on Insignia and Astra J models
- Extended HVAC coverage on 7 models with codes, data and special functions such as actuator recalibration, afterblow option and CAN bus configuration learn
- Steering angle calibration special function available on the Corsa D and Meriva B
- Engine special functions added on the Insignia and Astra K such as DPF regeneration, DPF reset, idle speed adjustment and NOX resets

PSA (Peugeot/Citroën)

- Model year update to 2017
- 3 new models added with extensive system coverage, codes, data, actuator tests and special functions
 - Citroen C3 (B618)
 - Peugeot 3008 (P84)
 - Peugeot 5008 (P87)
- 2 new engines added with engine variant special functions
 - Euro 6 Citroen Relay 3 DCM6.2
 - Euro 6 Peugeot Boxer 3 DCM6.2

FUSO

- New manufacturer Fuso added for the Canter 3L 2010-2017. Includes extensive coverage with codes, data and special functions including:
 - AdBlue, DPF, engine oil reset and many more

HONDA

- Extended coverage on transmission freeze frame data for most automatic transmission models 2008-2016 including:
 - Accord, Civic, Civic Hybrid, CR-V, CR-Z, FR-V, HR-V, Insight, Jazz, Jazz Hybrid, Legend

HYUNDAI

- ABS brake pad system tests for Tucson TLE and Ionic including:
 - Brake pad change mode
 - Assembly check (ECU replacement)
 - Variant coding (Tucson only)
- Wireless power charging with functional tests
- Autonomous emergency braking system added for the Tucson TLE and Ionic with codes and data

JAGUAR

- Model year update to 2017
- New XE 2017 model added with various systems, codes, data and actuator tests
- Power steering control module added for the F-Pace, XE and the XJ with special functions

RENAULT

- Airbag coverage added for the Renault Captur 2013+ with codes, data, actuator tests and special functions
- Radio security code added for all Renault models 2002+
- Instrument cluster configuration added with codes, data, actuator tests and special functions

SUBARU

- Model year update to 2017
- New model added XV 2L diesel with codes, data, actuator tests and special functions

SUZUKI

- Model year update to 2017
- 3 new models added with codes, data, actuator tests and special functions
 - Ignis 1.2L petrol K12C and 1.2L petrol K12CS Hybrid
 - Swift 1.0L petrol K10C and 1.0L petrol K10CS Hybrid
 - Swift 1.2L petrol K12CS Hybrid

TOYOTA

- Model year update to 2017
- 5 new models added with codes, data, actuator tests and special functions
 - GT86 2L
 - Prius Plug-In 1.8L
 - Yaris 1.0L, 1.4L D-4D, 1.5L, 1.8L
 - Yaris Hybrid 1.5L
 - Tundra 3.4L V6 MFI 2000-2004, 4L V6 MFI 2005-2014, 4.6L V8 MFI 2010-2017, 4.7 V8 MFI 2000-2009, 5.7 V8 MFI 2009-2017, 5.7L V8 MFI 2006-2017
- Front recognition camera special function added for the C-HR, Hilux, Prius, Prius Plug-In, Rav4, Rav4 Hybrid

KIA

- DCT clutch touch point learning function available on the Niro and Sportage QLE
- Multiple ABS system tests available on the Niro and Sportage QLE
- Brake pad change mode, assembly check (ECU replacement), variant coding, pedal travel sensor (PTS) calibration (Niro only), Fluid circulation mode (Niro only) and pressure sensor calibration (Niro only)

LAND ROVER

- Extensive injector programming now available on 8 models

LEXUS

- Model year update to 2017
- 4 new models added with extensive systems coverage with codes data, actuator tests and special functions
 - IS200t 2.0L L4 (8AR-FTS), IS300H 2.5L L4 (2AR-FSE), LC500 5.0L V8 (2UR-GSE), LC500h 3.5L V6 (8GR-FXS)

MAZDA

- Model year update to 2017
- 3 new models added with great systems coverage, codes, data, actuator tests and special functions

MERCEDES

- Model year update to 2017
- 2 new models added with extensive system coverage, codes, data, actuator tests and special functions
- 3 new engines added with special functions such as DPF regeneration, EGR actuator tests and injector programming

VAG (Audi/Seat/Skoda/VW)

- Model year update to 2017
- 2 new models added with great coverage
 - VW Arteon
 - Audi Q2
- Brake electronics module added for 7 variants

VOLVO

- New D416T engine added applicable for the S80 and V70 with special functions including DPF regeneration and resetting counter particulate filter
- Park assist camera module added for the V40 and the XC60 with codes data and actuator tests

COMPONENT TEST METER

- NEW components added to Generic make
- ABS menus are now included:
 - ABS control module information inclusive of tests
 - Speed sensor & brake pedal component information and tests
- 29 makes in total (includes the Generic make)
- 8 NEW technology classes added
- 2 NEW case studies added

SURETRACK

SureTrack offers this exclusive list of features:

- Information and answers harvested from millions of successful repairs
- Validated parts replacement data shows which parts are most frequently replaced to complete repairs for symptoms and fault codes
- Real fixes from completed repairs, shown in a straightforward Complaint, Cause, Correction format, and validated by SureTrack expert technicians
- More complete than repair hotlines and more reliable than online forums; SureTrack is based on completed repair orders
- Simply select a fault code to access answers directly from the SureTrack database

MORE VEHICLE COVERAGE, EXPERT TIPS AND INDUSTRY KNOWLEDGE THAN ANY OTHER DIAGNOSTIC PLATFORM ON THE MARKET.

17.4

BMW/MINI

- 2 new models added: BMW Luxury 7 Series with 9 engines added and the MINI Cabrio Convertible with 4 engines added
- Read diagnostic trouble codes and clear them. View live data, carry out service reset and perform special functions on various modules through 2016 model year

DACIA

- New 1.5 diesel K9K engine added

FORD

- New service functions added for 2016-2017 including: ABS brake bleed, relative compression test, power balance test, misfire monitor neutral profile correction added, keep alive memory reset, cruise control module calibration and rear video camera configuration
- DPF regeneration and the engine reset on the Fiesta 1.4L diesel Euro 5 Engine: 2010 – 2012 engine system

JAGUAR

- New instrument cluster ECU added with codes, data and actuator tests

- New diesel exhaust fluid special function across the diesel range

KIA

- 2 new models added with extensive coverage: Niro – 1.6L hybrid and Optima - 1.7L diesel and 2.0L hybrid

LAND ROVER

- 4 new models added including: Evoque 2.0L diesel/petrol, 2.2L diesel; Evoque Convertible 2.0L diesel/petrol and 2.2L diesel; Range Rover 2.0L petrol, 3.0L diesel, 3.0L hybrid, 3.0L petrol, 4.4L diesel, 5.0L petrol; Range Rover Sport 2.0L petrol, 3.0L diesel, 3.0L hybrid, 3.0L petrol, 5.0L petrol

MAZDA

- New smart start ECU added for Mazda 2 2015; Mazda 3 2015; Mazda 6 2013; Mazda MX-5 2016; Mazda CX-5 2013; Mazda CX-5 2013

MERCEDES

- New systems with codes, data and special functions adding including: Distronic calibration coverage, panoramic sliding roof and multifunction camera

NISSAN

- Electronic parking brake module now available with great special functions including: Start brake pad replacement, finish brake pad replacement, initialisation position adjustment, G sensor calibration, clutch sensor reset, brake operation, brake release, system mode change and auto activation

PEUGEOT/CITROËN

- New functions added including: ABS brake bleed, key programming, injector coding, air suspension C4 Picasso and 7 new BSI systems added

VAG

- Great new functions added including: New VW Touareg (7P) electronic park brake replacement procedure and grinding in process implemented, dynamic (driving) DPF regeneration procedure on CAY 1.6 TDI-CR series of engines implemented and the VW Crafter parktronic system added allowing users to perform the same tasks as the dealer tool

17.2

BMW

- Diesel adjust idle speed – adjust idle speed after replacing timing chain
- Replace ABS ECU and transfer coding to replacement ABS module
- New functions added – air conditioning flap motor calibration, diesel

Ford

- 4 new models added to our already extensive coverage – New Ranger – 2.2L diesel and 3.2L diesel, Edge – 2.0L diesel, new KA+ – 1.2L petrol, new Focus RS – 2.3L petrol

Hyundai

- Keyless entry (smart key unit) – 2015 added for the Tucson, Santa Fe and Genesis 3.8L – codes, data and function and system tests

Jaguar

- Two new models added, the XF (260) & F-Pace (X760)

Land Rover

- Rear differential control module added for the Evoque (L538) (2012-2013) enabling you to complete an all wheel drive flush

Lexus

- Four new models added – GS200t - 2.0L L4 (8AR-FTS), GS300H - 2.5L L4 (2AR-FSE), GS450H - 3.5L V6 (2GR-FXE) & GSF - 5.0L V8 (2UR-GSE)

Mazda

- New model MX-5 added – carry out read and clear codes, view live data and perform function tests and special functions on various control modules

Opel/Vauxhall

- Electric power steering coverage extended for the Vectra C and Corsa D including HS CAN bus configuration, calibrate steering angle sensor, program power steering characteristic, program VIN number
- New parking brake module added for the Cascada – codes, data and actuator tests

Peugot/Citroën

- ABS – electric parking brake resets added to the Citroen C4 / C4 Picasso B78, Peugeot 308 T9 – carry out EPB & brake resets on the ABS

Renault

- Steering column replace function added for the Modus 2010> – electronic power steering including steering motor replacement function, re-program – immobiliser function, assign new or used controller to vehicle
- Corner lights added for the Clio III 2011> & Modus 2011> – codes, data and actuator tests/special functions/light calibration, re-program new ECU & write new VIN

16.4

- Lane departure systems added for Ford S-Max/Galaxy, Lexus and Toyota models
- Ad-Blue systems added for diesel Ford Transit models 2015> and Mercedes ML Class 164 and 221 with special functions
- All models up to 2015 now covered on Dacia, Honda, Hyundai, Kia, Land Rover, Mitsubishi, Nissan, Opel/Vauxhall, Renault, Smart and Volvo
- Fiat 500L fuel pump inertia switch re-activation (after

- collision) function added adjust glow element, diesel adjust EGR, diesel provide injector quantity value, slide/tilt sunroof (SHD)
- Mini Clubman added including systems coverage for ABS, SIR (airbags) and TPMS
- Jaguar battery resets added for XF, XJ and XK models, airbag build mode added for XF, XJ and XK models and blind spot monitoring added for F, XF, XJ and XE models
- Kia engine test functions added for Cee'd, Sportage and Optima models

- Injector coding coverage added for the Nissan Navara 2006-2010 models
- New Opel/Vauxhall model, Corsa E added with comprehensive vehicle systems coverage
- Air suspension functions added on models including the Citroen Relay 3 and Dispatch 3, and the Peugeot Boxer 3 and Expert 3
- New park assist system and reversing camera system coverage added on VAG
